Catholic Charities is expanding services to offer fresh and shelf-stable, healthy foods for families and individuals in crisis in downtown Colorado Springs. Now, people can not only engage in job search and improve employment skills, access healthcare, receive case management, and enjoy a hot, nutritious meal, they can “shop” at the new *Marketplace* for a variety of healthy food to cook at home. These combined services, all located at the Marian House Campus, help families move toward a higher level of stability.
