

Support New Beginnings

Families Need Help, Hope, and a Home

- Each apartment will be a true home, much like other apartments throughout our community.
- These apartments will need ongoing maintenance to ensure they remain a beautiful space for families to call home.
- Families will need help with cookware, dishes, bedding, cleaning supplies, and more.
- Families will be engaged in goal setting, life coaching, budgeting, financial planning, and employment coaching, and other case management assistance. Above all, families will find hope for a new beginning here.

Support A Family's New Beginning

- Families living at the Hunt Campus will need your support! *Can you invest in a family's new beginning?*
 - Sponsor a month of support for \$833
 - Sponsor six months of support for \$5,000
 - Sponsor a full year for \$10,000.
- Annual supporters will be recognized through a donor recognition art piece in the entryway of the apartment building. Anonymity upheld at donor request.
- Read more about ways of supporting this transformative work, including the 25% Homeless Contribution Tax Credit and gifts from IRAs and stock accounts, on the last page of these materials.

Together, we can change a child's future!
